šifra: 9300

TECNICAL DATA

INDOOR

For indoor installation in covered spaces or for outdoor installation but sheltered from the rain. Certificates CE, IP40 dielectric strength class, complete with power cord, hole plug, switch, lamp.

OUTDOOR

For outdoor installation. Certificates CE, IP55 dielectric strength class, complete with power cord, hole plug, lamp. Not equipped with a switch. It is recommended that the installation is made by qualified personnel. wThe outdoor version is equipped with a hole and a tube to drain water that might be accumulated in the container. It 'important that the hole and the tube will not be obstructed so as to allow safe drainage. Therefore we recommend to never put the plant or the soil directly in the container but always place a saucer and a pot of appropriate sizes.

Drainage

Never put the soil or plant directly into the container. In this way you risk to obstruct the hole and the drainage tube compromising their operation and safety.

Always put a saucer and a pot of appropriate sizes to the container and to the plant.

Please clean frequently the hole and the drainage tube.
